## Notice

For forty-four years we have been conducting business at the same old location, corner of Main and John Streets, Bridgeport, Conn., and our Private Bank has been established there continuously. We have received and paid out on demand without notice millions of dollars of money deposited with us and we continue to receive money subject to depositors' check at sight, on which we allow three per cent. per annum, credited to each account monthly. We solicit the accounts of individuals, business men, firms and corporations, and all who want a bank account where they can deposit money, checks or drafts, and leave it for one day, one week, one month or one year, and draw interest on it for any time it is left with us. We give to the business our careful personal attention as the oldest firm of private bankers in this state.
